SUMMARY

A highly motivated M.Sc Computer Science post-graduate transitioning into Sales & Marketing. Professionally trained in Digital Marketing (TIP, 2026), combining strong analytical thinking with modern marketing strategies. Possesses excellent communication, quick learning ability, and a customer-centric approach. Eager to leverage technical expertise and marketing knowledge to drive lead generation, customer engagement, and sales growth in an entry-level corporate or tech sales role.

EDUCATION

Savitribai Phule Pune University	Jun 2019 - Jun 2022
Bachelor of Computer Science	Pune, Maharashtra
Sir Parshuram Bhau College Pune	Jun 2022 - Mar 2024
Masters in Computer Science	Pune, Maharashtra

CORE COMPETENCIES

- **Marketing & Sales:** Digital Marketing Concepts, Lead Generation, Search Engine Optimization (SEO), Social Media Marketing
- **Soft Skills:** Excellent Communication, Direct Customer Interaction, Negotiation, Problem-Solving, Team Collaboration
- **Technical Skills:** Data Analysis, Tech-savvy, Quick Adaptability to Marketing Tools & CRM Software

AI/ML Intern - 01/2024-05/2024

- Gathered and cleaned large datasets for machine learning model training.
- Applied statistical techniques to validate data accuracy and consistency.
- Developed a Cat and Dog Classification Model using Convolutional Neural Networks (CNNs) and transfer learning.
- Utilized TensorFlow and Keras for model training and evaluation.
- Worked on data preprocessing, feature extraction, and augmentation.

PRACTICAL TRAINING & PROJECTS

- Digital Marketing Trainee | Training Institute Pune (TIP) | 2026
- Actively participated in hands-on training programs focusing on modern sales funnels, digital outreach, and AI-infused marketing techniques.
- Successfully completed practical assignments on market research, target audience analysis, and campaign structuring.
- Developed strong analytical skills to measure campaign performance, effectively blending IT/data knowledge with marketing metrics.
- Collaborated in team mock-campaigns to improve presentation and communication skills for direct client interactions.

KEY STRENGTHS & HIGHLIGHTS

- **Technical Edge in Dubai Market:** Ability to easily understand back-end marketing tools, analytics dashboards, and data-driven sales strategies due to a strong 6-year foundation in Computer Science (B.Sc + M.Sc).
- **Proactive Learner:** Continuously upgrading skills through industry-relevant practical courses to stay ahead of market trends.
- **Results-Oriented:** Focused on learning how to turn potential leads into loyal customers through effective communication and positive relationship building.

CERTIFICATION

- Java Programming Certification
- Python Programming Certification
- Digital Marketing & SEO Certification
